

Philips Toaster

- 2 slot
- 2 function
- Metal curve

HD2628/60

Enjoy great toast

Thick or thin, always golden brown

Toaster with variable width bread slots for great toast. Evenly golden brown, thick or thin. Convenient due to the defrost and reheat functions. Safe to use thanks to the high lift feature, cancel button and cool wall exterior.

The way you want it

- Adjustable browning control
- Variable width self-centred slots for evenly toasted bread

Easy to experience

- Defrost and toast in one go or reheat just toasted bread
- Removable crumb tray for easy cleaning

With maximum safety

- Automatic safety shut-off in the event of jammed bread
- High lift feature to safely take out smaller pieces
- Cancel button stops toasting at any time
- The outside of the toaster stays cool and safe to touch

PHILIPS

Toaster
2 slot 2 function, Metal curve

HD2628/60

Highlights

Adjustable browning control

Adjust the heat level to your preference and get your toast the way you want it.

Automatic safety shut-off

The toaster will automatically shut off if the bread gets jammed inside.

Cancel button

Cancel button stops toasting at any time

Cool wall exterior

The outside of the Philips toaster stays cool and safe to touch.

Defrost and reheat buttons

The defrost button on your toaster allows you to defrost and toast in one go, and the reheat button warms cold bread or further browns freshly toasted bread.

High lift feature

This feature allows you to lift smaller pieces of bread even higher to take them out safely.

Removable crumb tray

Is easy to clean thanks to its removable crumb tray.

Wide self-centred slots

Philips toaster with self-centred slots allows you use thick or thin slices that stay in the centre for evenly toasted bread.
